Dear Portfolio Management team,

Calder Hills Pty Ltd requests an extension of the maturity date of its A$62.0M senior facility by six months, from 30 November 2026 to 31 May 2027.

Practical completion was reached in March 2026 and leasing is progressing, but more slowly than our original plan. At 30 September 2026, 140 of the 196 apartments were leased, an occupancy of 71.4%, against a plan of 88%.

Northbridge Living Fund has made an offer to acquire the completed asset for A$214.0M, conditional on occupancy of at least 92% for two consecutive months. On our leasing agent's forecast that condition would be met in April 2027, after the current maturity date.

What we offer in return

- An extension fee of 0.50% of the facility limit.
- A top-up of the interest reserve from A$1.9M to A$2.5M.
- A 100% sweep of surplus net operating income to reduce the loan.
- A guarantee of interest by Calder Property Group for the extension period.

We would be grateful for your response by 31 October 2026. Yours faithfully, Priya Raman, Chief Financial Officer.
