6. Conditions Precedent

- Credit approval by Quillwood Credit Partners and satisfactory legal, financial and technical due diligence.
- Receipt of A$15.5M sponsor equity in full before the first drawdown.
- Final fixed-price or capped-cost construction contracts, building approvals and satisfactory QS sign-off for each draw.
- Executed security documents, insurance certificates and a hedging programme acceptable to the Lender.
- Confirmation of no material adverse change since the management accounts dated 16 April 2026.

7. Covenants and Reporting

- Maximum LVR of 55% on current market value, tested on each valuation. Interest cover and leverage covenants to be set at credit approval.
- Quarterly management accounts and compliance certificates, and audited annual financial statements from Ashgrove Whitlam Chartered Accountants.
- Monthly construction progress reports and utilisation reporting during the availability period.
- Independent revaluation at the Lender's request, at least annually.

8. Key Risks

- Construction, cost overrun and commissioning risk on the expansion and ASRS retrofit.
- Energy cost exposure, with only partial recovery through pass-through provisions.
- Customer concentration, with 29% of revenue on rolling terms without minimum commitments.
- Higher leverage on full drawdown, and floating rate exposure dependent on hedging.
- Refrigerant phase-down and food and pharmaceutical compliance requirements.
- Uncommitted expansion capacity that relies on utilisation holding near current levels.

9. Status and Acceptance

This term sheet is based on the information memorandum dated 9 February 2026, the financial statements dated 20 February 2026 and the management accounts dated 16 April 2026, as supplied with the assistance of Ellery & Stroud Corporate Advisory Pty Ltd. It expires if not accepted within 30 days of its date.
