Confidential. Prepared for the addressee only and not to be relied on by any other party.

Borrower	Harbour Point Marina Pty Ltd
ABN	78 521 813 558
Registered address	8 Marina Parade, Bayview NSW 2104
Sponsor	Tolland Marine Holdings Pty Ltd (70%)
Facility requested	A$18.0 million, 36 months
Financial adviser	Whitcombe Lane Corporate Advisory Pty Ltd
Date	11 August 2025
Version	1.0

Details of the proposal

Important notice

This information memorandum has been prepared by Harbour Point Marina Pty Ltd (the Company) to invite expressions of interest from prospective lenders. It is not an offer or a commitment to lend. Financial figures for the year ended 30 June 2025 (FY25) are unaudited management figures. Property values are the Company's working values, pending formal reports from the independent valuer and quantity surveyor. Pricing is indicative only and subject to credit approval. Each lender should make its own assessment.

The Company has no relationship to Harbour Point Developments, a Queensland land subdivision business. The similarity in names is coincidental.

1. Executive summary

The Company owns and operates a 260-berth marina on the western foreshore of Pittwater, in the Northern Beaches Council area of NSW. It is owned by Tolland Marine Holdings Pty Ltd (70%) and Redmayne Family Investments Pty Ltd (30%), and operated by the founding Tolland family.

The Company seeks a senior secured term loan of A$18.0 million over 36 months to refinance its existing bank facility, build 40 additional berths for which development approval has been granted, and meet transaction costs and an interest reserve.

- Occupancy was 94% at 30 June 2025, with 85 applicants on the waiting list, more than twice the 40 new berths proposed.
- FY25 revenue was A$9.6 million and EBITDA A$3.7 million, a margin of 38.5%.
- Net debt is A$10.3 million, or 2.8x current EBITDA.
- Loan to value ratio (LVR) is 46.8% on the as-is value of A$38.5 million and 40.0% on the as-if-complete value of A$45.0 million.
- Stabilised EBITDA after the expansion is forecast at A$4.5 million, giving pro forma leverage of 4.0x on the full A$18.0 million.

2. Facility requested

The facility is a senior secured term loan with a capex tranche. Security is a first registered mortgage over the freehold, a security interest over the Crown Lands licence to the extent permitted, and a general security agreement over the Company's assets.

Tranche	Purpose	A$ million
A	Refinance existing bank facility	11.2
B	Construct 40 berths (includes 10% contingency)	5.4
C	Transaction costs and interest reserve	1.4
Total		**18.0**

Sources and uses of funds

Indicative pricing

- Margin: 3-month BBSW plus 5.25% p.a.
- Establishment fee: 1.50% of the facility limit, about A$270,000.
- Line fee: 0.75% p.a. on undrawn commitments.
- Tenor: 36 months from first drawdown.

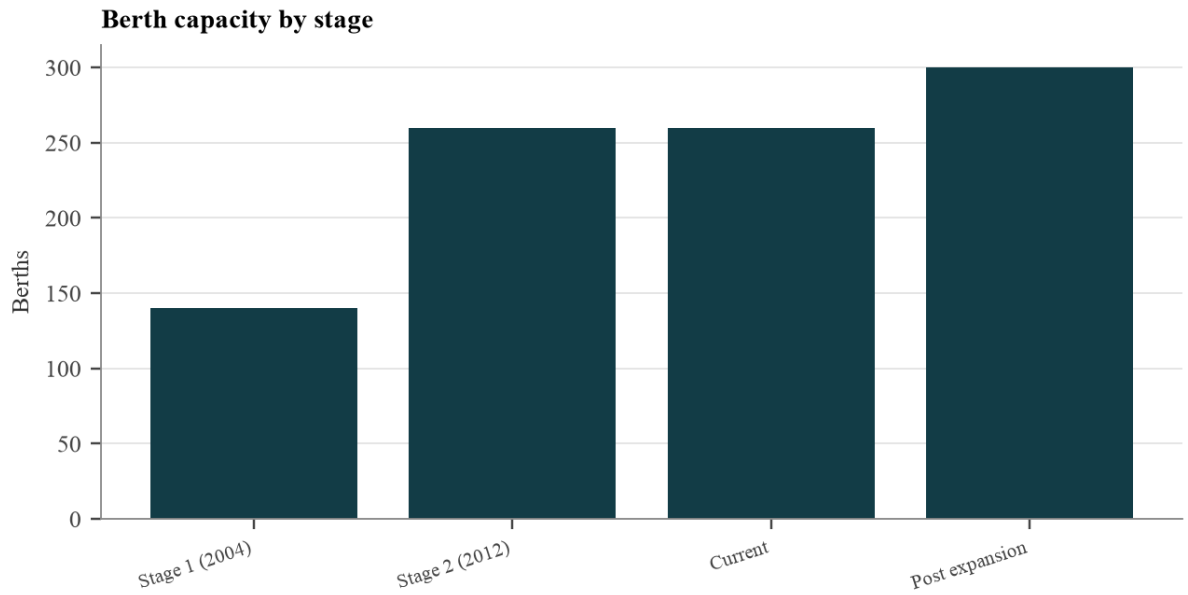

Pricing is indicative and subject to credit approval. The facility is floating rate. Interest cover on current EBITDA is about 2.2x at indicative pricing on the fully drawn facility, and the Company expects lenders to require interest rate hedging.

3. Borrower and sponsor

The Tolland family acquired the Bayview foreshore site in March 1998 and began a small boat storage and slipway business. The marina has grown in stages since then.

Date	Event
Mar 1998	Tolland family acquires site and starts boat storage and slipway
Oct 2004	Stage 1 completed, 140 berths
Jun 2012	Stage 2 completed, 260 berths, fuel dock and larger hardstand added
Sep 2020	Current A$11.2 million bank facility put in place
FY21	Record occupancy year reported
Feb 2025	Development approval granted for 40 additional berths

Company history

Post expansion capacity is subject to approvals and construction.

Directors

- Graham Tolland, Founder and Managing Director.
- Priya Ramanathan, Finance Director and Company Secretary.
- Colin Redmayne, Non-executive Chair.

The auditor is Aldous Pryce Chartered Accountants. The management team is small and relies heavily on Mr Tolland, which is addressed in section 8.

4. The asset and operations

The landside freehold of about 1.9 hectares includes a boatyard with hardstand and travel lift, a fuel dock, a chandlery, a small commercial tenancy and car parking. The water area is held under a Crown Lands licence with 28 years remaining, which exceeds the 36-month loan tenor many times over.

Revenue is mainly annual and monthly berth licence fees. It is supported by fuel and chandlery sales, boatyard and hardstand services, and tenancy rent. At 94% occupancy about 244 of the 260 berths were occupied at 30 June 2025. The waiting list of 85 applicants indicates demand beyond current capacity.

5. Expansion project

Development approval for 40 additional berths was granted in February 2025, subject to conditions including seagrass management and a variation to the Crown Lands licence. The expansion would lift capacity from 260 to 300 berths.

- Budget: A$5.4 million including a 10% contingency, to be reviewed by Dunmore Quantity Surveyors Pty Ltd (Lead: Helen Dunmore).
- Marine engineering: Pelican Rock Coastal Engineering Pty Ltd.
- Forecast stabilised EBITDA: A$4.5 million, an increase of A$0.8 million on FY25.
- Drawdown of Tranche B is expected to be conditional on the licence variation, satisfaction of remaining DA conditions and a fixed price or capped construction contract.

6. Security and valuation

Kessler Marine Valuations Pty Ltd (Director: Alan Kessler, AAPI) has been engaged to value the freehold and the licence interest. The figures below are the Company's working values, and the formal report is due on 29 August 2025.

Basis	Value A$m	Facility A$m	LVR
As is	38.5	18.0	46.8%
As if complete	45.0	18.0	40.0%

Working values and loan to value ratios

The Crown licence is not freehold title, and the extent to which a security interest can be taken over it depends on Crown Lands consent. The Company will work with lenders' counsel on this point.

7. Financial summary

Measure	FY25	Post expansion
Revenue (A$m)	9.6	n/a
EBITDA (A$m)	3.7	4.5
EBITDA margin	38.5%	n/a
Debt (A$m)	11.2	18.0
Cash (A$m)	0.9	n/a
Net debt (A$m)	10.3	n/a
Leverage	2.8x net	4.0x gross

Key financials, FY25 unaudited, post expansion forecast at stabilisation

Leverage rises to 4.0x on the full facility until the new berths are let. Interest cover is the main sensitivity, and the interest reserve in Tranche C is intended to support servicing through construction and ramp up. Audited FY25 accounts are expected by 19 September 2025 and management accounts to follow on 10 October 2025.

8. Key risks and mitigants

Risk	Mitigant
Approvals and tenure: licence variation and DA conditions outstanding	Condition precedent to Tranche B drawdown; DA already granted
Construction: weather, tides, contractor performance, overruns	10% contingency; QS and engineer review; fixed price contract
Interest rate: cover about 2.2x on current EBITDA	Hedging requirement; interest reserve in Tranche C
Demand cyclicality: discretionary boating spend	94% occupancy, 85 waiting; berth fees are the main revenue
Environmental and climate: seagrass, storm surge, sea level rise	Engineering advice; insurance review; DA conditions
Key person and small management team	Finance Director and Chair in place; succession and key person measures to be discussed

Principal risks

9. Proposed terms and conditions

The Company expects the term sheet to include the following. Covenant levels will be set having regard to lenders' feedback and the final reports.

- Financial covenants: interest cover, leverage and LVR, tested periodically.
- Hedging of a portion of the drawn balance on terms agreed with lenders.
- Conditions precedent to Tranche A: security documents, formal valuation, insurance and Crown Lands consent to the extent required.
- Conditions precedent to Tranche B: licence variation, DA conditions satisfied, construction contract and QS sign off.
- Reporting: annual audited accounts, quarterly management accounts, occupancy and construction progress reports.

10. Process and timetable

Date	Milestone
11 Aug 2025	Information memorandum issued
29 Aug 2025	Valuation report due
5 Sep 2025	Quantity surveyor report due
19 Sep 2025	Audited FY25 financial statements due
10 Oct 2025	Management accounts due
24 Oct 2025	Target date for term sheet

Indicative timetable, subject to change

Enquiries should be directed to Marcus Whitcombe, Whitcombe Lane Corporate Advisory Pty Ltd, who is coordinating the process. Lenders should not contact the Company's staff, tenants or berth holders directly.
